

Management Activity: #1	Management of Invasive Plants and Insects
Time	One Day For Field Trip One Class Period for Guest Speakers
Materials	None
Guiding Questions	
<ul style="list-style-type: none"> • What damage does invasive species cause? • How can we help control the spread of invasive insects and plants? • How can we eliminate invasive insects and plants? 	
Plan	
<u>Field Trip</u>	
<ul style="list-style-type: none"> • Field Trip to Foster Falls (or another Virginia State Park.) • Have a Park Ranger talk with the students about invasive plants species, the damage they cause, and how we can manage or eliminate invasive species from Virginia ecosystems. • Park Ranger will take the students on a hike to show them examples. 	
<u>Guest Speakers</u>	
<ul style="list-style-type: none"> • Invite speakers from High School Agricultural Department Forestry Team. • Talk with students about invasive species and different ways to identify trees.
