TechKnowledgy

AI for Access: Using Artificial Intelligence to Support Students with Disabilities in Virginia Schools

Free Hybrid Event - Thursday, January 22, 2026 1:00pm-4:00pm

Join us for an in-depth, hands-on exploration of how artificial intelligence tools can support students with disabilities across Virginia.

Participants may attend fully online **or** join us in person at one of our statewide hub locations for enhanced hands-on support:

- TTAC at Virginia Tech (Blacksburg)
- TTAC at Virginia Commonwealth University (Richmond)
- TTAC at William & Mary (Williamsburg)

Online and in-person participants can expect professional learning topics and content including:

- Introduction – "The State of AI in Virginia Schools" Presented by Morris Pace, VDOE

- AI for AAC: Enhancing Communication Supports

- Practical AI Implementation Strategies for Students and Educators

- Exploratory "Unconference" Time for Collaboration, Problem Solving, and Q&A.

- Closing Panel Discussion – Ethics, Policies, and Planning

Registration is available now at: https://bit.ly/ai4axs or the QR code below.
